DAY 1, WEDNESDAY, SEPTEMBER 4, 2019																	
Registration																	
EMERGENCY / CRITICAL CARE		SOFT TISSUE SURGERY		ENDOCRINOLOGY		CARDIOLOGY		GASTROENTEROLOGY		BEHAVIOR/RADIOLOGY		NEUROLOGY		ПРОГРАММА РУССКОГО ЗАЛА			
14:00-14:45 Fluid therapy in the ER <i>Erica Reineke</i>		Persuasion, perfusion and pedicles: Choosing a reconstructive technique <i>Bryden Stanley</i>		Aetiology and diagnosis of canine hyperadrenocorticism <i>David Church</i>		Approach to the old, small dog with a murmur <i>Virginia Luis-Fuentes</i>		How to diagnose intestinal obstruction in dogs and cats <i>Emmele Stock</i>		Managing canine aggression directed towards people <i>Kersti Seksel</i>		The ultimate guide to clinical reasoning in neurology <i>Holger Volk</i>		Ультрасонографические характеристики матки и яичников при оценке фертильности и плодородности суки. УЗИ беременных сук. Нормы и патологии в разные гестационные сроки <i>Ковылина Н.</i>			
Short break																	
14:45-14:50 Act FAST: Emergency stabilization of the polytrauma patient <i>Erica Reineke</i>		Interactive session on wounds and cutaneous reconstruction <i>Bryden Stanley</i>		Management options for canine hyperadrenocorticism <i>David Church</i>		Approach to the dog with an arrhythmia <i>Virginia Luis-Fuentes</i>		Rational approach to refractory diarrhoea in dogs and cats: Part 1 <i>Stanley Marks</i>		Canine aggression directed towards other dogs and leash reactivity <i>Kersti Seksel</i>		Rock, turn & roll: Diagnosis and management of vestibular diseases <i>Holger Volk</i>		УЗИ ЖКТ. Ультразвуковая картина острых состояний ЖКТ <i>Дорошина Т.</i>			
Coffee Break																	
16:15-17:00 Traumatic brain injury <i>Erica Reineke</i>		Anal sacculotomy: A novel approach <i>Howard Seim</i>		Management of hypercalcaemia in dogs and cats <i>Harriet Syme</i>		Approach to the dog or cat with syncope <i>Virginia Luis-Fuentes</i>		Rational approach to refractory diarrhoea in dogs and cats: Part 2 <i>Stanley Marks</i>		How I diagnose airway collapse in dogs radiographically <i>Emmele Stock</i>		An update on epilepsy and its comorbidities <i>Holger Volk</i>		Безусловно. Сравнительный анализ формирования поствакцинального иммунитета у собак и кошек. <i>Лосич М.</i>			
Opening Ceremony – E1-E2 hall																	
Welcome cocktail – Main passage																	
DAY 2, THURSDAY, SEPTEMBER 5, 2019																	
EMERGENCY / CRITICAL CARE		SOFT TISSUE SURGERY		RESPIRATORY		NEUROLOGY/NEPHROLOGY		GASTROENTEROLOGY		ENDOCRINOLOGY		EXOTIC ANIMAL MEDICINE		ПРОГРАММА РУССКОГО ЗАЛА		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
09:30-10:15 Common emergency room procedures you must know! <i>Justine Lee</i>		Peritonitis: Decision-making time <i>Bryden Stanley</i>		Respiratory distress in dogs and cats: Thoracic radiography <i>Emmele Stock</i>		Unremitting seizures: Management of cluster seizures and status epilepticus <i>Holger Volk</i>		Update on the management of protozoal diarrhoea in cats <i>Michael Lappin</i>		Diagnosis and management of canine hypothyroidism <i>Harriet Syme</i>		UVB light management solves 50% of exotic animal medicine problems <i>Mark Mitchell</i>		Хитрости и мудрости в ветеринарной офтальмологии. <i>Константиновский А.А.</i>		HW disease in the dog: from diagnosis to therapy <i>Luigi Venco</i>	
Short break																	
10:20-11:05 Common mistakes to avoid in the ER <i>Justine Lee</i>		Intestinal anastomosis: Tips to make it easier <i>Howard Seim</i>		The coughing dog: How to get a radiographic diagnosis <i>Emmele Stock</i>		No need to panic: Stress-free management of spinal emergencies <i>Holger Volk</i>		A rational approach to chronic vomiting <i>Stanley Marks</i>		Diagnosis and management of feline hyperthyroidism <i>Harriet Syme</i>		Nutritional intelligence: An absolute essential for the reptile clinician <i>Mark Mitchell</i>		Тонкоигольная внутривенная биопсия. Интересные клинические случаи <i>Шаликин А.Г.</i>		Angiostrongylus vasorum – unsuspecting killer <i>Luigi Venco</i>	
Coffee Break																	
11:05-11:45 Top 20 poisons affecting dogs and cats: Part 1 <i>Justine Lee</i>		Wound dehiscence: What to do <i>Bryden Stanley</i>		Is it heart or lung disease? <i>Lynelle Johnson</i>		How to slow the progression of renal disease <i>Harriet Syme</i>		The latest on acute pancreatitis in dogs <i>David Tweedt</i>		An update on managing the diabetic patient: Part 1 <i>David Church</i>		Exotic pet emergencies: What every vet should know <i>Manfred Hocheilthner</i>		Хирургия катаракты у обезьян. Особенности и подводные камни. <i>Гончаров Д.В., Шаликин А.Г.</i>		Babesiosis in dogs: Update on pathogenesis, treatment and prevention <i>Gad Baneth</i>	
Short break																	
12:35-13:20 Top 20 poisons affecting dogs and cats: Part 2 <i>Justine Lee</i>		Practical pain management: Understanding opioids and NSAIDs <i>Jill Maddison</i>		Chronic cough In dogs <i>Lynelle Johnson</i>		Clinical approach to protein losing nephropathy <i>Harriet Syme</i>		Exocrine pancreatic insufficiency: Commonly undiagnosed! <i>Stanley Marks</i>		An update on managing the diabetic patient: Part 2 <i>David Church</i>		Slippery when wet: Managing ornamental fish in practice <i>Mark Mitchell</i>		Применение патента передней камеры у животных с глаукомой: техника, эффективность, осложнения. <i>Богринов С.А.</i>		Canine leishmaniosis: Diagnosis, treatment and prevention <i>Gad Baneth</i>	
Lunch Break																	
EMERGENCY / CRITICAL CARE		OPHTHALMOLOGY		NEPHROLOGY/UROLOGY		ENDOCRINOLOGY		GASTROENTEROLOGY		CARDIOLOGY		EXOTIC ANIMAL MEDICINE		ПРОГРАММА РУССКОГО ЗАЛА		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
14:50-15:35 Disaster diabetics: Managing DKA <i>Erica Reineke</i>		Doing a great fundic exam and interpreting lesions <i>David Maggs</i>		Fine communication: What does spraying mean? How's it best managed? <i>Kersti Seksel</i>		Fine-tuning prednisolone dosing for immune-mediated disease <i>David Church</i>		Surgical management of gastric dilation and volvulus <i>Howard Seim</i>		Approach to acquired feline heart disease <i>Howard Seim</i>		Getting to the bottom of diseases involving exotic excretory systems <i>Mark Mitchell</i>		Кошка с ГПМ. Как прооперировать и не навредить? <i>Атанасова</i>		Angiostrongylus vasorum – unsuspecting killer <i>Luigi Venco</i>	
Short break																	
15:40-16:25 Critical care for canine parvovirus <i>Justine Lee</i>		Managing non-healing corneal ulcers <i>David Maggs</i>		Management of urolithiasis: Alternatives to cystotomy <i>Harriet Syme</i>		A logical approach to the polydipsic patient <i>David Church</i>		Abnormal liver enzymes: A clinical approach <i>David Tweedt</i>		Approach to the cat with respiratory distress <i>Virginia Luis-Fuentes</i>		Diagnostic procedures in birds, reptiles and small mammals: How to get your sample and how to use it <i>Manfred Hocheilthner</i>		Торакальная хирургия без опиоидов. Возможна ли? <i>Атанасова С.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Coffee Break																	
17:05-17:50 Emergency approach to respiratory distress <i>Erica Reineke</i>		How I remove luxated lenses from the anterior chamber <i>Alexey Shalikin</i>		Surgical management of canine cystic and urethral calculi <i>Howard Seim</i>		A logical approach to the patient with weakness <i>David Church</i>		Chronic hepatitis in dogs: The latest updates <i>David Tweedt</i>		What goes up, must come down: Treating intraoperative hypotension <i>Tamara Grubb</i>		My rabbit's urine is red: What do I do now? <i>Karen Rosenthal</i>		Анестезиологическое пособие у беременных и при кесаревом сечении у кошек и собак. <i>Атанасова С.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Diagnosing glaucoma: Any news? <i>Alexander Konstantinovskiy</i>																	
DAY 3, FRIDAY, SEPTEMBER 6, 2019																	
ANAESTHESIA / DERMATOLOGY		OPHTHALMOLOGY		ORTHOPAEDIC SURGERY		UROLOGY		GASTROENTEROLOGY		PRACTICE MANAGEMENT		AVIAN MEDICINE		ПРОГРАММА РУССКОГО ЗАЛА		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
09:30-10:15 Anaesthesia & analgesia for emergency and critical care patients <i>Tamara Grubb</i>		This patient's eye is red: What should I do next? <i>Tamara Grubb</i>		The orthopaedic exam: Diagnosis in 10 minutes or less! <i>Brian Beale</i>		Urinary tract ultrasonography in dogs and cats <i>Emmele Stock</i>		Update on feline liver disease <i>David Tweedt</i>		The sources of turnover haemorrhage <i>Brian Faulkner</i>		Birds: Required knowledge on day 1 of practice <i>Karen Rosenthal</i>		Адьювантная и неадьювантная тактика у собак и кошек при раке молочной железы. <i>Якунина М.Н.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Short break																	
10:20-11:05 Anaesthesia and analgesia for patients with upper airway dysfunction <i>Tamara Grubb</i>		Feline herpesvirus: Syndromes, diagnostics, control and therapy <i>David Maggs</i>		Tips and tricks on stifle approach, meniscal evaluation and treatment <i>Michael Kowaleski</i>		Feline perineal urethrostomy: A novel approach <i>Howard Seim</i>		Acute liver disease <i>David Tweedt</i>		The veterinary consultation: Part 1 <i>Brian Faulkner</i>		Anaesthesia: Special considerations for exotic pets <i>Mark Mitchell</i>		Паранеопластические синдромы у мелких домашних животных. <i>Шмигирев А.А.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Coffee Break																	
11:05-11:45 Cytology, THE dem test! <i>Craig Griffin</i>		Eyelid surgery in the Dog <i>David Maggs</i>		Medial patellar luxation repair in dogs and cats <i>Brian Beale</i>		Feline urethral obstruction: Emergency stabilization and treatment <i>Erica Reineke</i>		Probiotics for diarrhoea in dogs and cats: What's the evidence? <i>Stanley Marks</i>		The veterinary consultation: Part 2 <i>Brian Faulkner</i>		How to understand what the avian CBC/chemistry is telling us <i>Karen Rosenthal</i>		Подход к лечению злокачественной меланомы у собак. <i>Кузнецова А.Л.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Short break																	
12:35-13:20 Check skin, itchy again! <i>Craig Griffin</i>		What's new in ocular pharmacology? <i>David Maggs</i>		Optimal management after early diagnosis of CCL disease <i>Michael Kowaleski</i>		Management of difficult urinary tract infections <i>Harriet Syme</i>		Feline pancreatitis <i>David Tweedt</i>		The veterinary reception team <i>Brian Faulkner</i>		Avian clinical medicine: How imaging can guide therapy <i>Karen Rosenthal</i>		Опухоли костей <i>Корнюшенко, Е.А., Гаранин Д.В.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Lunch Break																	
DERMATOLOGY		RESPIRATORY		ORTHOPAEDIC SURGERY		PHARMACOLOGY		DENTISTRY		PRACTICE MANAGEMENT		EXOTIC ANIMAL MEDICINE		ПРОГРАММА РУССКОГО ЗАЛА		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
14:50-15:35 Bacterial pyoderma in the dog: What works; what has changed? <i>Ralf Müller</i>		Does this cat have asthma or bronchitis? <i>Lynelle Johnson</i>		How I treat small breed dog and cat CrCL disease <i>Michael Kowaleski</i>		Principles of pharmacology: Surprisingly clinically relevant! <i>Jill Maddison</i>		Clinically important skull and tooth anatomy <i>Cindy Charlier</i>		Working as a team to get the bill paid <i>Brian Faulkner</i>		Seeing around the shadows: Understanding small mammal radiographs <i>Karen Rosenthal</i>		Бесшарпное протезирование ТЕС – простой, бюджетный и эффективный метод замены сустава. <i>Вилковский И.Ф.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Short break																	
15:40-16:25 It looks endocrine but it's not! <i>Craig Griffin</i>		Addressing chronic nasal discharge in dogs <i>Lynelle Johnson</i>		Arthrodesis: Keys to saving the limb and a successful outcome <i>Brian Beale</i>		Anticipating and avoiding adverse drug reactions <i>Jill Maddison</i>		The top 3 oral problems in dogs: Diagnosis and management <i>Jerzy Gawor</i>		Life and career planning for the veterinary practitioner <i>John Sheridan</i>		My rabbit is not eating: Here's how to figure out why <i>Karen Rosenthal</i>		Подход к лечению диск-ассоциированного воблер-синдрома с использованием стабилизации позвонков монокартикальными винтами и ТТА кейджа. <i>Вилковский И.Ф.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Coffee Break																	
17:05-17:50 How to diagnose food allergy: Any news? <i>Ralf Müller</i>		Tracheal collapse and bronchomalacia <i>Lynelle Johnson</i>		How I perform clinical examination of the hip <i>Michael Kowaleski</i>		Our experience with KYON Zurich Cementless total hip replacement <i>Ilya Sereida</i>		Orofacial injuries in cats suffering from high rise syndrome <i>Jerzy Gawor</i>		More clientele? Are you too busy to be profitable? <i>John Sheridan</i>		Cytology of non-effusion fluids <i>Rose Raskin</i>		Опыт лечения собак с атлanto-аксиальной нестабильностью на примере 57 случаев. <i>Вилковский И.Ф., Шаликин Д.В., Руснак И.А.</i>		Наш опыт лечения собак с новообразованиями спинного мозга. <i>Вилковский И.Ф., Фенинкова Е.Ю.</i>	
DAY 4, SATURDAY, SEPTEMBER 7, 2019																	
DERMATOLOGY		ORTHOPAEDIC SURGERY		INFECTIOUS DISEASE		THERIOGENOLOGY		DENTISTRY		PRACTICE MANAGEMENT		ONCOLOGY		ПРОГРАММА РУССКОГО ЗАЛА		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
09:30-10:15 Treatment of atopic dermatitis <i>Ralf Müller</i>		Joint disastres: How to avoid <i>Michael Kowaleski</i>		Management of upper respiratory infections in cats: Part 1 <i>Michael Lappin</i>		Anaesthesia and analgesia for Caesarean section <i>Tamara Grubb</i>		Oral surgery to remove teeth in dogs <i>Cindy Charlier</i>		A strategy for practice growth, planning and management <i>John Sheridan</i>		Lymphoid neoplasia in dogs and cats: Diagnostic tools <i>Rose Raskin</i>		Протокол эхокардиографического обследования. Национальные рекомендации ветеринарного кардиологического общества. <i>Комолов А.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Short break																	
10:15-10:20 Otitis: Diagnostic tips <i>Craig Griffin</i>		Practical treatment of simple fractures <i>Brian Beale</i>		Management of upper respiratory infections in cats: Part 2 <i>Michael Lappin</i>		Caesarean section: When and how <i>Bryden Stanley</i>		Avoiding mistakes! Oral surgery to remove teeth in cats <i>Cindy Charlier</i>		Double practice profit and value in 12 months: Starting today <i>John Sheridan</i>		Concepts in practical veterinary chemotherapy <i>David Vail</i>		Протокол эхокардиографического обследования. Национальные рекомендации ветеринарного кардиологического общества. <i>Комолов А.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Coffee Break																	
11:05-11:45 Otitis: Keys to successful therapy <i>Craig Griffin</i>		Practical treatment of comminuted fractures <i>Brian Beale</i>		Antibiotics for common infectious diseases of dogs and cats: Part 1 <i>Michael Lappin</i>		Complications of extractions <i>Cindy Charlier</i>		Convert your practice accounts into practical business tools for management <i>John Sheridan</i>		Practical diagnosis and management of lymphoma in dogs <i>David Vail</i>		Опухоли сердца собак и кошек. От диагностики к лечению. <i>Илларинова В.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES			
Short break																	
12:35-13:20 Approach to alopecia <i>Ralf Müller</i>		Tips for successful fracture repair of the pelvis and hip <i>Brian Beale</i>		Antibiotics for common infectious diseases of dogs and cats: Part 2 <i>Michael Lappin</i>		When urine is like gold <i>Rose Raskin</i>		Interpreting intraoral radiographs <i>Cindy Charlier</i>		Having fun planning and delivering a budget for Year 1 <i>John Sheridan</i>		Practical diagnosis and management of lymphoma in cats <i>David Vail</i>		Неадьювантная легочная гипертензия – подход к диагностике и лечению. <i>Середа Т.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Lunch Break																	
DERMATOLOGY		ORTHOPAEDIC SURGERY		RESPIRATORY		IMAGING		DENTISTRY		ONCOLOGY		INFECTIOUS DISEASE		ПРОГРАММА РУССКОГО ЗАЛА		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
14:50-15:35 Why and when? Apoquel, Atopica and Cytopoint <i>Craig Griffin</i>		Treatment of chronic pain in dogs: Beyond NSAIDs <i>Tamara Grubb</i>		Cytologic evaluation of thoracic effusions <i>Rose Raskin</i>		Special sonographic features of the feline abdomen <i>Emmele Stock</i>		What's YOUR diagnosis? Recognizing oral pathology in cats <i>Cindy Charlier</i>		Sarcomas of dogs and cats: When bone softens and soft tissues harden <i>David Vail</i>		Systemic arterial hypertension in cats and dogs: алгоритм диагностики и лечения. <i>Бокарева А.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES			
Short break																	
15:40-16:25 Scaling disorders in dogs <i>Ralf Müller</i>		Surgical management of juvenile hip dysplasia: A case-based approach <i>Michael Kowaleski</i>		Surgical management of brachycephalic syndrome <i>Howard Seim</i>		Interpreting abdominal radiographs in vomiting dogs and cats <i>Emmele Stock</i>		What's YOUR diagnosis? Recognizing oral pathology in dogs <i>Cindy Charlier</i>		Paraneoplastic syndromes <i>David Vail</i>		Холтеровское мониторирование в ветеринарии: показания, особенности выполнения, интерпретация результатов. <i>Каменева А.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES			
Coffee Break																	
17:05-17:50 Management of demodicosis <i>Ralf Müller</i>		Elbow dysplasia: New treatment options <i>Michael Kowaleski</i>		Geriatric onset laryngeal paralysis: An update <i>Bryden Stanley</i>		Ultrasound of the stomach and duodenum <i>Emmele Stock</i>		Non-invasive stabilization of bilateral mandibular fracture in a dog <i>Anna Spirina</i>		Mast cell tumours in dogs and cats <i>David Vail</i>		How I diagnose borreliosis in dogs <i>Natalia Volgina</i>		Предоперационное обследование кошек – предупрежден, значит вооружен. <i>Оургина В.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES	
Closing Ceremony – E10-E12 RSAVA hall																	
17:50-18:10								How I remove deciduous canine teeth in dogs <i>Cindy Charlier</i>				How I manage toxoplasmosis in cats <i>Michael Lappin</i>		ДЖМП кошек – диагностика и лечение. <i>Орлов С.</i>		FECAVA SYMPOSIUM ON CANINE VECTOR BORNE DISEASES
